Dear Captains.

Firstly, please confirm that you have received this copy by return email, or text my mobile 07901 925064 and read the following notes.

1. Please see the terms and conditions of the summer league fixtures and the handbook which can be viewed on the website: www.netballofexcellence.co.uk .
2. **Umpiring** – Please note that due to only having one game in the second hour, your extra umpire may be called upon to stand in for someone unable to attend in the match before or after your game. The umpires that will be available are in the end column. If you chose to swap with another umpire please inform either myself or Mandy, to ensure penalties aren't recorded incorrectly. Every effort has been made to ensure each match has two umpires.
3. **Pool Players** - If teams are short of players to avoid cancelling games or facing charges, the team can borrow players from other teams who have registered as a pool player. The pool players can play any position except GS or GA.
4. **Registration, T&C and code of conduct** – all team members must be registered and have signed the T&C and the code of conduct for their team before the first match commences.

Any questions please contact Diane Lewis 07901 925064.
